

A "Last Day" ending...

The woman saith unto him, I know that Messias cometh, which is called Christ: when he is come, he will tell us all things. {John 4:25}

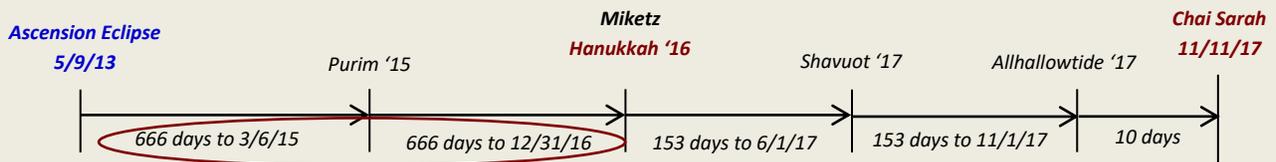

Suddenly, beyond the light, we find ourselves still waiting beyond the winter feast in the dwindling days of 2020.

Since history reveals the Feast of Dedication, which Christ personally attended ([John 10:22-24](#)), as [a delayed observance of Tabernacles](#); it would be wise to revisit two reflective passages that place the ingathering at the end of the year.

And the feast of harvest, the firstfruits of thy labours, which thou hast sown in the field: **and the feast of ingathering, [which is] in the end of the year**, when thou hast gathered in thy labours out of the field. {Exo 23:16}

And thou shalt observe the feast of weeks, of the firstfruits of wheat harvest, **and the feast of ingathering at the year's end**. {Exo 34:22}

It just so happens that our first [double 666-day](#) countdown of the *Sabbath Journey* coincided with the last day of Hanukkah on [Miketz](#) the last day of the year in 2016, which was [1332 days](#) from the *Solar Eclipse Ascension Day* 5/9/13.

➤ From Dry-land Eclipse Ascension 5/9/13 to Last Day 12/31/2020 are [2794 days](#)

$$2,794 = 22 \text{ "Revelation"} \times 127 \text{ "The King of Glory"}$$

➤ From Great Tribulation start 5/21/11 to Last Day 12/31/2020 are [3512 days](#)

$$3,512 = 4 \times 878 \text{ "Consider (206) + what (45) + Jesus (386) said + (241)"}$$

$$878 = \text{"Messiah"}$$

The sum of all 8 divisors of [3512](#) = [6600](#)

$$1+2+4+8+439+878+1756+3512 = 6600$$

A third-day consideration at the end of the double 666-day Sabbath Journey count from New Year's Eve in 2016 provided a blessing in waiting "[1335 days](#)" ([Dan 12:12](#)) crossing into 2017. Because at His miraculous provision ([John 6:39, 40, 44, 54](#)), Christ noted four times that the rapture would occur on "the last day," it was plausible to conclude that the last day extended three days as one day since the division of light between day and night would have ended ([Mat 24:29](#)).

- A Third-day rapture at the end of [2020](#) extends the Sabbath Journey to [2797 days](#).

$$2,797 = 1335 \text{ (Mat 13:35)} + 1335 \text{ "Infinite Understanding"} + 127 \text{ "King of Glory"}$$

$$2,797 = \text{Prime \# } 407 \text{ "Mark," "Ark," } \text{Gen 21:3 Sarah's Promise fulfilled}$$

- A Third-day Great Tribulation Period from 5/21/2011 is extended to [3515 days](#)

$$3,515 = 5 \times 703 \text{ "And the earth," (Centers Gen 1:1 } 2701 \text{ Triangle)}$$

In affirmation, the consolidated Sabbath Journey / Tribulation Period table bares "**Fruit**"

[The Secret of Esau and Jacob](#) - Excerpt revised for clarity

The Hebrew word for "light" is "owr", אור, which at the simplest level has a gematria of [207](#). The secret is with the first letter א Alef, which also has a gematria of [1,000](#) (for 1000 years is 1 day, [2Pet 3:8](#)). If we use 1,000 as the gematria for the first letter Alef, the "concealed" gematria of light ("[concealed light](#)" [John 1:5](#)) is summed as follow:

$$1,000 + 6 + 200 = 1206 \text{ (vs.: } 1 + 6 + 200 = 207)$$

which is exactly the "mispar kidmi" (Triangular method gematria value) of darkness חֹשֶׁךְ

The exile of Edom (decendants of Esau) represents the darkest exile of all, and it is exactly within this **Kelipah** (peel/shell - Hebrew term for "evil"), that the light of Mashiach (Messiah) is concealed to those who rejected him, but revealed to those who received him.

For when the Darkness חֹשֶׁךְ (gematria is 325) is dispelled from the "concealed light" (1206), Mashiach is revealed:

$$1206 \text{ (concealed light)} - 325 \text{ (darkness)} = 878$$

878 is exactly the spelling out of "Mashiach," i.e. the revelation of Mashiach.

A land which the LORD thy God careth for: the eyes of the LORD thy God [are] always upon it, from the beginning of the year even unto the end of the year. {Deu 11:12}

The 11013 BC creation timeline finds Christ's birth at 7 BC, a year which astronomers relate to a "Great Conjunction" between Jupiter and Saturn. 2026 years later another Great Conjunction will fall on the Winter Solstice, December 21, 2020. A recent excerpt from "Astronomy" magazine is provided below:

[The Star of Bethlehem: Can science explain what it really was?](#)

Ancient great conjunction

What about a mash-up of planets like the upcoming Great Conjunction of 2020? Could that explain the Star of Bethlehem?

When you rewind the motion of the planets — something that's easy to do with observing software these days — you can see that several interesting conjunctions played out in the years around the life of Jesus. (A planetary conjunction happens when two planets make a close approach to each other in Earth's night sky. The two objects aren't actually near each other, though, they just look that way from our vantage point.)

In the year 7 B.C., Jupiter and Saturn had three conjunctions in the same constellation, Pisces. Because the planets move in their orbits at different speeds, and are located at different distances, sometimes they appear to pass one another in the night sky. They can also appear to hold still or move backward in the sky, which astronomers call retrograde motion. This trick is like passing a slower car on the highway. As you get close to the other vehicle, it seems to hold still beside you. Then, as you pull away, it drops backward. The same thing happens as Earth zips around the Sun much faster than the outer planets.

However, Jupiter is closer to the Sun than Saturn, so it also appears to move faster in our night sky.

So, if Jupiter and Saturn had three close conjunctions in a relatively brief period of time, it's easy to imagine that ancient astronomers — really, astrologers — would have taken note. And they also likely would have ascribed some meaning to the event.

Now learn a parable of the fig tree; When his branch is yet tender, and putteth forth leaves, ye know that summer [is] nigh: So likewise ye, when ye shall see all these things, know that it is near, [even] at the doors. Verily I say unto you, This generation shall not pass, till all these things be fulfilled. Heaven and earth shall pass away, but my words shall not pass away. {Mat 24:32-35}

The “last day” of evening/morning ([Gen 1:5](#)) of 2020 overlaps into the year 2021, which consolidates the Hebrew and Gregorian last years at 7,802.

Hebrew year	5781
Gregorian year	2021
Total	$7802 \div 2 = \underline{3901}$

7,802 is the double of 3901, which is the 26th star number. “26” is “[The Lord’s Signature](#)” number. 3901 is an anagram of [391](#), the value for “Jesus” and “Salvation.” This first occurrence of “3901” begins from the [12,222nd position of Pi](#). “12,222” holds the value for Luke 3:7:

Then said he to the multitude that came forth to be baptized of him, O generation of vipers, who hath warned you to flee from the wrath to come? {Luke 3:7} = [12,222](#)

“3901” holds the value for the victory of Esther 9:26:

Wherefore they called these days Purim after the name of Pur. Therefore for all the words of this letter, and [of that] which they had seen concerning this matter, and which had come unto them, {Est 9:26} = [3901](#)

The book of Esther is the story of Purim where the fate of the Jews against all odds evolves from sorrow to joy due to the astute and brave intervention of their queen. Once the stage is set, the tables are turned against the wicked Haman as the Persian King commands the Jews of 127 provinces to prepare to conquer their enemies while the queen’s cousin ([Est 2:7](#)) Mordecai gets rewarded for his unshaken loyalty as a Jew.

Just as 3901 is preceded by “26” at the 12,222nd position of pi, 3901 in [Euler’s constant e](#) is preceded by 555, the number of times that “Christ” occurs in the KJV. “[555](#)” holds the value for the phrase “**And Enoch walked**” {[Gen 5:24](#)}.

➤ From Israel’s rebirth 5/14/1948 to 3rd Day 1/3/2021 are [26,533 days](#)

$25,533 = 13 \times \underline{13}$ “One,” “Love” $\times \underline{157}$ “The New Covenant”

157 “Everlasting Salvation”
